PRINCIPAL MESSAGE

I.S. NARWAL

A school plays a crucial role in shaping a child's future. Not only does this include the provision of education and ensuring learning, but moulding the character, morals, and value system of the child as well. A school provides the foundation needed to view the world as a limitless space providing innumerable opportunities to shine.

We, at SBS, strive to provide education that explores, challenges, and grooms every aspect of the child's personality. While we are determined to provide seamless learning targeted towards excellent academic performance through the incorporation of the latest teaching approaches, we also ensure that we are actively working on the physical, social, emotional, and spiritual training of our children. We believe that all children can learn and commit to nurturing the potential in each child. We focus on contextual learning based on a constructivist theory of teaching & learning to provide techniques such as problem-solving, learning by doing & inquiry-based learning activities. Our teachers help students to test their ideas, draw conclusions & inferences in a collaborative learning environment which transforms the students to become active participants in the learning process.

Our teachers are professionally equipped to develop adapt and modify curriculum content, pedagogy & assessment which suit the needs and aspirations of our students. We work towards a holistic, experiential, integrated, student-centered educational system that helps to improve the creativity, critical thinking, and problem-solving skills of our young learners to equip them for the ever-changing employment dynamics and global ecosystems. We educate our children to change the world through peace, empathy, and fraternity and place great emphasis on inner values.

At our school, we truly believe that "Every child is a star, and we know how to make that star shine." Each student is blessed with unique abilities, strengths, and learning styles. Our aim is to recognize these differences and prepare every child according to their individual abilities so they can become the very best version of themselves.

We provide a balanced and supportive environment where students excel not only in academics but also in sports, drama, IT, and various co-curricular activities. By offering diverse learning opportunities, we help each child discover their interests, build confidence, and develop essential life skills.

Our dedicated team of educators works closely with students to guide them, inspire them, and nurture their overall growth. We believe that when children are given the right direction, encouragement, and resources, they shine brightly in every field they choose.

Together, let us continue to support our children so they grow into confident, talented, and responsible individuals.

Guidelines to Parents / Students

LEAVE POLICY

Coming to school regularly is an integral part of a student's life. This inculcates discipline and regularity in a student, which in turn inculcates moral values and ensures holistic education. No student will be allowed to enter the class without a leave application if he/she has been absent the previous day.

Leave of Absence :

- Students who have been sick for 3 or more days need to bring a medical certificate from their doctor on re-joining the School.
- All students should attend school on the reopening day after each of the vacations. Those absent will be fined at the rate of Rs. 100/- per day. Those absent on account of any illness must present a medical certificate before they are allowed into the class. It is compulsory for all students to maintain regular attendance during the course of the Academic Session, 75% attendance is mandatory to enable them to appear in the Final Assessment. The percentage, however, could be relaxed on medical grounds. A certificate of merit will be given to students with 100% attendance
- If a child is absent from the school without prior information for 7 days in continuation his/her name will be struck off from the attendance register.
- Leave during Periodic Test, Half yearly and Annual examination should be strictly avoided as it may hamper the child's Academic Progress and Promotion to higher class.
- Students unable to appear in Examination due to medical reasons should submit application to Principal along with photocopies of medical prescription and medical certificate.
- It is the sole responsibility of Parents to inform School / Class Teacher if child is absent. School will enquire only when child is absent for more than 2 continuous days without permission.

TRANSPORT RULES

- All students using the school bus are expected to be at pickup / drop points with escorts at least five minutes before the arrival time of the bus.
- The buses will not wait for the latecomers.
- Communication in the bus must be in English only
- The children should stay away from the main road until the bus arrives.
- No student should come near the entry door of the bus until it has made a complete halt.
- Drivers and bus attendants are there to serve us and ensure our safety. Students and parents must obey their instructions. Arguing and misbehaving with them may lead to withdrawal of transport facility to the particular child.
- All students must occupy seats immediately after boarding their buses.
- The front door of the bus is the only authorized entrance and exit.
- The drivers are authorized to stop the buses at the designated stop only, unless otherwise directed by the bus In-charge. The list of stops is prepared keeping in view the convenience and safety of all bus commuters and is subject to change.
- When the bus is in motion, students must not move around in the bus and should not peep or put their hands out, through the window.
- Objects / eatables of any kind must not be discarded inside or thrown out of the bus. No student is allowed to eat in the bus. Disciplinary action will be initiated if found indulging in such acts.
- Students will be held responsible for any damage caused to buses by negligence or vandalism. Student will have to bear the expenses for damage.
- Unruly behaviour like shrieking and shouting is strictly prohibited. School will issue yellow card if found guilty.
- Courteous behaviour is expected at all times from parents / students towards transport staff.
- The drivers must not be distracted for any reason.
- The bus In-charge and student bus monitor are responsible for maintaining discipline in the buses. Any serious offence must be reported to the Principal.
- Under no circumstances children will be allowed to board another bus to fulfill social engagement.
- List of students with bus stops etc. will be available in each bus.
- Bus seat numbers are allotted to each child and under no circumstances it should be changed.
